When a Great Scientist Such as Sir William Crookes Speaks

All the world is expectant. Of all Sir William Crookes' wonderful discoveries none has brought him greater fame or more lasting gratitude the world over than his new spectacle and eyeglass lenses. These lenses can be ground by us to your prescription from a glass which actually retards or absorbs the harmful rays from light, so that the eyes are at all times protected.

Are you interested in keeping your eyesight? It can be done the scientific way with the right kind of lenses.

## MUNICIPAL BAT ROOST IS LATEST PLAN FOR TEXAS

San Antonio Pampers Winged Enemies of Mosquitoes, Hoping to Kill Off Pests

(By Associated Press)  
SAN ANTONIO, Texas.—An army of mosquito-eating bats, several thousand strong, will be turned loose in San Antonio next month. If, as has been predicted for it, the army succeeds in crippling seriously the activities of the germ-laden mosquito population, many other cities may follow San Antonio's example and establish their "municipal bat roosts."

Dr. C. A. R. Campbell, who has made a special study of bats, is responsible for San Antonio's bat roost. The institution came into existence last spring. It was not a success in its first year owing to the fact that it was established late in the spring, and its population was not numerous enough. This spring there is a large army of bats on hand and it is expected to get an early start.

Dr. Campbell says that one bat in the course of a single day will eat 1000 mosquitoes. He expects hordes of mosquitoes to perish daily, and that by the end of the summer the pestiferous insects will be almost, if not entirely, missing from this locality.

Dr. Campbell says that the more malaria, typhoid and other germs a mosquito carries the better the bat relishes it.

After April 30 the bats grow less hungry and more sleepy. By the end of July their flight totals only about two hours. Soon thereafter the season for baby bats arrives.

A neighboring city having written to Campbell asking him how to get rid of mosquitoes, he replied: "Breed bats." Then he got another letter inquiring, "But when you've got rid of the mosquitoes how do you get rid of the bats?"

## NORTHERN LUZON HILL MEN LIKE TO USE PHONES

(By Associated Press)  
MANILA, P. I.—Telephones have at last invaded the mountains of northern Luzon. Several Igorrot townships have set aside municipal funds to provide for this modern means of communication. Recently the Igorots have developed a craze for talking over the official lines to an extent that government business is prejudiced.

"One member of a hill tribe has become a regular operator and several others are studying. Most of the life work and making of installations is being done by these people under American and Filipino supervision."

## AYLETT BURIED FROM CATHOLIC CATHEDRAL

John K. Aylett, who was killed by a fall from a city truck last week, was buried from the Catholic cathedral yesterday afternoon. Officers and members of Court Lunallilo, No. 6600, Ancient Order of Forsters and of the Order of Kamehameha attended the services in a body. The Hawaiian band played in the march from the undertaking rooms to the Cathedral and from the Cathedral to the Kawaiahaeo cemetery.

Palbearers were John K. Kamanolu, David K. Hoapili, Sr., Eli J. Crawford, John W. Short, Henry Van Gieson and Manuel Spencer.

## SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, irritation and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unsolicited testimonials in file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

## THEATRICAL OFFERINGS

### 'ZAZA' AS FILM DRAMA REVIVES STAGE SUCCESS

The Frohman family, in association with the Famous Players Film Co., has sent some notable photo-dramatic offerings over the Paramount Picture circuit, but none yet presented has exceeded in dramatic strength the present bill at the Liberty theater, "Zaza."

Pauline Frederick is seen in the title role and is credited with some of her best emotional work in this port. This star will be remembered for her portrayal of the leading role in "Sold." As she is cast in the present offering, as the Parisian music hall singer, the opportunities for her ability are even more pronounced.

Several actresses of 15 years ago made a name for themselves for their work in "Zaza." Miss Frederick is adding new laurels through her screen portrayal.

Assisting Miss Frederick is a Famous Players cast including some of the leading screen artists of the present day. "Zaza" is a dramatically sensational offering and is equally as good on the screen as on the stage.

The early week serial, "Neal of the Navy," which appears in story form in each Saturday's issue of the Star-Bulletin, is one of the most popular serials ever filmed for the reason that it was made in conjunction with the Navy Department and shows many authentic scenes of naval life.

## WEALTHY IDLER PLOTS TO TAKE FRIEND'S WIFE

Charles Richman, Catherine Countess, Claire Whitney, Stuart Holmes, Walter Hitchcock and Maud Turner Gordon are names to conjure with in the world of motion pictures. Either of these artists might be creditably starred in a feature production and meet with well-merited success. In fact all have been starred at different times. To find this galaxy of talent appearing in the same feature is hardly to be expected, nevertheless such is the case in "The Idler," the offering of the present week at the Hawaii theater. Richman and Countess appear in the leading roles.

The story of "The Idler" is by C. Haddon Chambers, and tells of the mad infatuation of "The Idler," a young Englishman of wealth, for the wife of his closest friend. The Idler is willing to go to any length to win the woman for his own. Through his knowledge of incriminating circumstances involving the husband he attempts to persuade the woman to elope with him, but the husband intervenes and the ensuing denouement is startling in its dramatic intensity.

"The Idler" is well-plotted, well-acted and well-produced. In addition to this feature the Hawaii is presenting the popular "Universal Weekly," a history of current events around the world in picture form, and two big comedy features.

## CHAPLIN MAKES FUNNY VILLAIN

Playing the part of villain, Charlie Chaplin is able to get just as many laughs as when he assumes the role of hero. In "Mable at the Wheel," which will be seen at the National theater again this evening and tomorrow night, the king of film comedians burlesques the "heavy" in imitable style.

He also introduces a bit of hair-raising realism, showing Mabel's fast-running racing car skidding and turning completely over, with the heroine at the wheel. Because she has scorned him and favored another suitor, Charley endeavors in vain to wreck the machine. Finally in disappointment he drops one of his own bombs, which blows him and his companions into space.

One of the best of the Wallingford series yet shown is the present episode, "A Transaction in Summer-Boards." Assisted by Blackie Daw, Union Jones and the two sisters whose fortunes he is struggling to recoup, Wallingford rigs up a third-rate summer hotel and tries to sell it to a wealthy victim.

"Justified" is another film screened this week that has more than usual merit. It is a photo-drama of the West. These three first-class pictures will be shown tonight and tomorrow evening.

## RID STOMACH OF GASES, SOURNESS, AND INDIGESTION

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

## Why Not Ask For The Best By Name?

You don't allow strange people in your house-- then why strange goods?

If a merchant is proud of his goods, he gives them a name and backs it up with his own.

He takes you into his confidence and tells you all about the thing he has spent so many years to perfect. He shows you how it merits your favor, and why it should command your purse.

In the advertising columns of THE STAR-BULLETIN you will find a number of standardized names. Help some progressive merchant to give you greater and greater value for your money, by asking for standardized goods.

Ask by  
ITS ADVERTISED NAME  
for everything you buy. The results will surprise and satisfy you.
